

Create a 2nd Profile in Chrome *Tech Tip*

1. Select your **profile image** in the upper right of the Chrome browser
2. Select **Manage People**
3. Choose **Add Another Profile**, name it, and choose an avatar for it
4. To change profiles, select the profile image and then choose another profile listed

Use this profile when you want to test how a site reacts without all of your personal information tied to the browser.
